GIBSON, published in March in 1960...book outlines the activities of SCHREIBER, w/ Dr. MAIBUSE, in recruiting British spy and Dutch CO. protective custody pending outcome of negotiations with London to; extradite him to Germany.
1 Feb: transferred to Leger Scheveningen at The Hague.
10 Feb: granted official permission to return to Germany.
17 Mar: returned to Germany via Venlo.

Claims numerous interrogations established beyond shadow of doubt that he was able through clean criminal police work to capture, fully debrief and turn dropped parachute agents, learning their codes, etc. Declares the Dutch papers described him as a "correct police official" who had not engaged in crimes against humanity.

10 Sep: Denazification court classified him as not chargeable under the law.

Remained home for unknown period to write book "Das Englandsspiel".

JOINED ZIPPER:

1951: reported to be giving US-BRIGLERY # 502 case "expert handling"; US-BRIGLERY # 9, 100, 705, 1000, 1001.

1953: US-BRIGLERY candidate.

US-BRIGLERY # 1000: sub-source V-5009 (formerly V-7627.3) is a business man in the Netherlands; the fact that the ultimate source is in an allied area has caused the case to be given "special handling" by ZIPPER and no operational contacts have been received by FOB.

5 August: KLAUSER informed [] that SCHREIDER had been hired originally in 1949 for GV H with expectation that his well-known activity with Gestapo on "Bots Kapelle" would qualify him for work as a CE officer; through personal contacts he established for GV H cases # 705 and 1000; latter has since proved to be rather a swindle; KLAUSER is not pleased with # 9; accordingly, it is planned to transfer SCHREIDER soon to the RIV.

Additional:

Arrested 25 May 45 as Kriminaldirektor holding rank of Sturmannsführer and being abt of Sipo; tried Jan '49 in Holland, acquitted on charge of alleged war crimes/ alternately war crimes against humanity; provisional release to Wilhelmshaven, Parkstr. 20, bei KINTNER; restrictions imposed as subject was due for trial under Ordinance No. 69 "Operation OLD LACE".

SCHREIEDER, Joseph

1953: Nov: SCHREIEDER & BAUER, CI expert now on GV H staff. (G RISCHKE's
17 Nov statement to FOB's Sonnes.

1954: Jan: SCHREIEDER CI (III-F) officer under GV H CI/CE chief (III)
SCHUBERT".

27 Apr: SCHREIEDER, the III-F officer known fr "Englandspiel",
has left Dienst. 161 (ex-GV H) and joined the Bavarian L.E. (Landeskriminalamt). Both J. KUELBACH and G RISCHKE had noted that SCHREIEDER
was a very thorough man and they were pleased that he had recently emerged
from the oblivion to which he had been relegated by J. SCHUBERT; the CI/CE
chief of GV H. J KUELBACH stated privately that he marveled at the
patience with which Subject had stood the poor treatment given him by
J. SCHUBERT. Apparently the belief runs that J. SCHUBERT deliberately sur-
pressed Subject in order to avoid competition and possibly overshadowing
of himself by this famous figure, who finally had enough and has now left
the Org. with probably few other than bitter memories. (Alfred D. Sonnes)
29 Apr: G RISCHKE's statements to me several months ago were the exact
opposite to the above; he characterized SCHREIEDER as being a "little man",
"extremely stupid", the latter having been reflected in his work since
joining the Org. G RISCHKE lamented that SCHREIEDER, who really played
a minor role in "North Pole" operation compared to GISEKES, should have
been the first to capitalize on it in the post-war era by getting a book
published. Interesting that J. SCHUBERT now emerges as the real culprit.
(William G. Tamblyn's comments)

31 May: Dropped from Org. payroll.

1955: Jun: Subject is Kriminalrat, Landeskriminalpolizei/Bayern; his superior
is Martin KLEINER, who is head of the Bavarian Criminal Police. *mc*
